Mr. C. S. Sloane,
Secretary U. S. Geographic Board,
Bureau of the Census.

Dear Sir:

I am in receipt of your letter of June 13, and take pleasure in incorporating Beaverhead Mountains and Lemhi Range in my report on Lemhi County. The Pahsimeroi Mountains are south of the area I studied at that time, but I expect to be in that country during the coming season.

Very respectfully,

J. B. Murphy

Assistant Geologist.
